### **Ultra-Compact 320 Watt Power Supply measures only 6.00 x 4.00 x 1.50” with RoHS Compliance from Advanced Power Solutions**

Power specialist Advanced Power Solutions (APS) announces the APS302 Series of industrial power supplies delivering up to 320 Watts of both single and dual output voltages. These U-Frame products measure only 6.00 x 4.00 x 1.40” and are ideal for today’s low profile systems requiring both high power density and low cost.

The APS3020 Power Supplies offer up to 320 Watts of continuous output power with only 22 cfm airflow and offer both single and dual output voltages ranging from 3.3-55 VDC. These supplies feature Universal AC Input with Active Power Factor Correction; and Status & Control Signals (Power Good, 12V Aux Fan and Fan Fail). Standard models are RoHS Compliant, offer operating temperatures from -20 to 70°C, built-in Over-Current / Over-Voltage / Overtemperature circuits, have been approved to International safety standards (UL/cUL60950, EN60950), bear the CE Mark (LVD) and meet EN550022 Class B emission standards. Standard cover and fan options include Finger Safe Cage, End-mount Fan/Cover and Top-Mount Fan. See Specification for details.

Units are available now with complete specification available on the web at [www.advpower.com](http://www.advpower.com). 1000 piece pricing is as low as \$64.95 for 300 Watt Single Output Models. Please contact [sales@advpower.com](mailto:sales@advpower.com) for both sales and technical support.
